AND EXHIBITION PROSPECTUS**

A comprehensive Congress fully devoted to clinical debates and controversial issues
in the fields of Diabetes, Obesity and Hypertension

Dear Friends and Colleagues,

We are pleased to announce that the 3rd World Congress on Controversies to Consensus in Diabetes, Obesity and Hypertension (CODHy) will take place in Prague, Czech Republic, May 13-16, 2010.

The 1st and 2nd World CODHy Congresses that took place in Berlin in 2006 and Barcelona in 2008, with over 4,500 physicians, were the first scientific meetings of their kind, focusing on dynamic topics and controversial issues facing the clinician today.

Based on the success of these meetings, and on feedback from the participants, the 3rd CODHy Congress will be devoted to evidence-based discussions amongst chairpersons, speakers and the audience, all of whom will examine and analyze the most relevant issues raised in 2009 and 2010 within the fields of Diabetes, Obesity and Hypertension.

We invite you to participate in the 3rd CODHy Congress, and look forward to an exciting scientific event in the beautiful city of Prague.

Sincerely,
Prof. Stefano Del Prato & Prof. Itamar Raz
